

LYAN PACKAGING
SUPPLIES Ltd

PRODUCT CATALOGUE

GREAT DEALS on all your packaging supplies

Welcome To Lyan Packaging

Established in 1988, Lyan Packaging is a general packaging company based in Wrexham, North Wales, servicing the whole of the UK. The majority of our customers are based in Wales and the North of England, but we also service customers from the highlands of Scotland right through to Kent and Devon.

We are an independent company with a strong culture of care, which we constantly extend to our customers. **Lyan Packaging** offers a wide range of packaging materials either from stock, or manufactured bespoke to your requirements. Over the years we have developed a strong supplier base to ensure consistent quality of products.

The team at **Lyan Packaging** have the skills and experience to ensure that you have a positive experience from your initial enquiry, right through to our first class after-sales support. Our customers benefit from competitive prices, along with the highest level of personalised customer service.

**Why Choose

'0201' Style

The most common style of case.

Flaps meet at the top and bottom and require sealing.

This is the most economical way to pack most products.

Can't see the size you require?

We can supply bespoke sized boxes in quantities as few as 50 and bespoke printed box from quantities of 1,000.

Key:

- Single Walled, Medium Duty Box
- Double Walled, Heavy Duty Box

How to measure a box

Box measurements always correspond to the inner dimensions of the box. This is done to ensure a snug and protective fit around your product.

Dimensions are usually expressed as follows:

Length (L) x Width (W) x Height (H)

Top Tip!

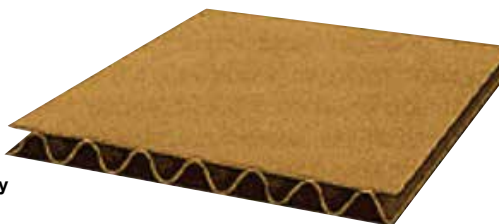

Most cardboard boxes are brown, but on certain applications a **white outer appearance** may give your product that extra edge at little extra cost - especially on printed boxes.

Layer Pads

Ideal for interleaving between layers of products stacked on a pallet for additional stability.

Stock Code	Description	Price / Each		
		1 – 99 lots	100 lots	400+ lots
PADS073	900 x 1100mm Single Wall	£0.50	£0.44	£0.38
PADS074	1000 x 1200mm Single Wall	£0.58	£0.50	£0.42

Extra delivery charges may apply

Corrugated Paper Rolls

Corrugated cardboard rolls are ideal for interleaving and separating products. They are flexible and lightweight and offer great protection for delicate surfaces and lightweight items. Our corrugated cardboard rolls are manufactured from recycled paper and are fully recyclable.

All rolls are 75m in length, single faced B flute.

Stock Code	Roll Width (mm)	Price per Roll		
		1 - 2 Rolls	3 - 6 Rolls	7 - 10 Rolls

Why Choose **Lyan Packaging**

Investors in People

Lyan Packaging Supplies are pleased to say that we have been awarded accreditation as an Investors in People organisation. We rely on our employees to provide all of our customers with an excellent level of service, and in return we believe we do the same for them.

Stock Holding

Lyan Packaging Supplies are aware that space is a premium for a lot of our customers and so we offer a tailored stock holding service. An additional benefit of stock holding is that it reduces the lead time on your bespoke items.

Expert Advice

Our knowledgeable staff make it their priority to understand exactly what it is that you require so that they can offer you the best solutions and products for your individual requirements.

Quality

The team maintain a strong relationship with suppliers to ensure a consistent quality of products. **Lyan Packaging** are also an ISO 9001 registered company, providing a foundation for greater customer satisfaction.

Phone Answering Service

Lyan Packaging guarantee phone support during office hours. Our friendly staff endeavour to answer the phone immediately, ensuring that you get the support required when you need it.

Edge Protection

Lyan Packaging are able to supply cardboard 'L' shaped edge protectors manufactured to a bespoke size. These are commonly used to protect corners on a pallet.

Lead times on this item are typically 2 weeks.

We are also able to offer a wide range of 'U' shaped profile blue foam channels which are commonly used for edge protection packaging on sensitive items, but can also be used for Health & Safety reasons in offices and factories to soften the impact with sharp corners and edges.

For a bespoke quotation on your edge protection requirements, please contact a member of our friendly staff.

Paper Products

Paper Sacks

Paper sacks can be used for virtually anything, such as food, bird seed, chemicals, glues, soap pellets and even football kits! With the introduction of polycoated and greaseproof papers it is now possible to pack a much wider variety of products.

We can offer a range of plain paper sacks from stock.

Testimonials

At **Lyan Packaging** we know how much our customers depend on us to provide a consistent and reliable service, products of a high quality, and advice they can rely on.

We believe that the success of **Lyan Packaging** is based on the strength of the relationships we have with our customers.

Here is what our customers have to say about us:

Excellent

Good

Average

“ **Lyan Packaging** are a committed, dedicated and modern business that are always helpful and enthusiastic with any problems we throw at them. Their customer service is second to none. Their response to new projects is rapid and professional, with assistance readily given. Their workforce is always polite, courteous and helpful.”

“ **Lyan Packaging** are a mixture of the best of the old school combined with modern practices and products. We experience the comfort of a personal service tailored to the modern need of a FMGC (*Fast Moving Consumer Goods*) company. Responsiveness and pro-activity combine to supply us with all our needs.”

“ **Lyan Packaging** have always provided a good service, with the flexibility and quick response times we require. We have dealt with Lyan Packaging for many years and they will always go that ‘extra step’ to help and advise. Excellent staff and products.”

Semi-automatic case sealer

All Prices Exclude VAT and are Subject to Change

**12 MONTHS
WARRANTY
PARTS & LABOUR**

Increase throughput and speed up your work process with the P-SB-50 semiautomatic case sealer. Ideal for uniform cartons, it seals the top and bottom simultaneously with 50mm wide adhesive tape. The P-EC extendable conveyor is also available to take cartons on and off the P-SB-50, maintaining a steady work flow. The P-EC is robust, quiet and smooth, with skate wheel conveyors that make it easy to transport to where it's required.

Side belt drive semi-auto case sealer for uniform cartons

- Belt speed 20m/min, side belts especially effective on lightweight cases, seals tops & bottoms simultaneously with 50mm wide self-adhesive tape
- Leg height adjustable 600-800mm, includes on/off roller conveyor and lockable castors
- Case dimensions: **Maximum** L unlimited x W500mm x H500mm.
Minimum L150mm x W150mm x H120mm.
- Machine dimensions: L1620mm x W800mm x H990mm

Speed up your production with efficient top and bottom sealing of cartons - the P-SB-50 also features side belts that are especially effective for light weight cartons.

The P-SB-50 offers quick and easy operation and includes a roller conveyor to take boxes on and off, improving throughput.

With adjustable leg height, the P-SB-50 also has conveyors for mobility, with lockable castors when you need stability.
